

The Impactiviti Talent Network

Move your job listings to the only **socially-networked Pharma Job Board!**

Everyone lists open positions on general on-line job boards, where they are promptly buried among millions of other listings.

Is there a better way to reach a targeted audience of connected influencers in the pharmaceutical industry?

Yes! You can post your job openings with the **Impactiviti Talent Network**, the most connected destination for life sciences sales, marketing, and training professionals. By getting your listings in front of the eyeballs of networked industry pros, that can pass the links along to others, you can now incorporate the power of social platforms (such as blogs, LinkedIn and Twitter) to reach your target audience.

Your listing will also be displayed on one of the most trafficked and targeted search engines, **SimplyHired** (which powers job searches on **LinkedIn** and elsewhere). So, with one listing, you are reaching the uniquely-targeted Impactiviti Pharma Network, thousands of other social networking influencers, everyone on LinkedIn, and 5,000 affiliate sites via SimplyHired.

Price? Just \$295 for a 30-day listing! Just [click here](#) to start posting!
